

Restorative Justice Recommended Reading List

By Pearl Bell

Restorative justice is a broad term which encompasses a growing social movement to

institutionalize peaceful approaches to harm, problem-solving and violations of legal and human rights. These range from international peacemaking tribunals such as the South Africa Truth and Reconciliation

Commission to innovations within the criminal justice system, schools, social services and communities.¹

Here at The Conflict Center we utilize these theories and practices as a basis in many of our programs, specifically in our School Programs. If you are interested in learning more about Restorative Justice here is some recommended reading. The first two books are books that we provide to schools and in our workshops/ trainings on Restorative Justice.
